

University of
Pittsburgh | Bradford

**Summer
2024
Schedule
of
Classes**

**Registration
opens
February
12th**

If you are currently a student at another university, you may take a summer class through the University of Pittsburgh at Bradford as a visiting student. Contact Admissions at 1-800- 872-1787 or admissions@upb.pitt.edu.

BILLING

Students are charged a per credit tuition rate over the summer for those registered in less than 12 credits. If registered in 12 or more credits, a flat tuition rate applies. In addition to tuition, students are charged a Computer Networking Fee of \$100 if registered in less than 12 credits & \$175 if in 12 or more credits. **This includes Internships.** Other course specific fees may apply.

The University of Pittsburgh does not mail paper bills. Once you have registered for classes, charges are created for the term. An e-mail notification is sent to your Pitt e-mail account directing you to view your account and the due date for your charges.

- Go to www.payments.pitt.edu and log on using the username and password assigned to you by the University.
- You will land on the Account Summary tab. Here you will be able to see any balance due, and for which term(s), and the payment due date.

Your payment will be due in full by the posted due date on your PittPAY landing page unless you are enrolled in a payment plan (see Payment Plan tab in PittPAY). Credit card and eCheck payments are accepted online in PittPAY. Payments by eCheck are offered at no charge to you but if you pay by credit or debit card, (Visa, Discover or MasterCard) a non-refundable convenience fee of 2.75% per transaction is charged by our vendor. Enrollment Services accepts cash or check payments. For more detailed information regarding student accounts, please visit payments.pitt.edu.

FINANCIAL AID: If you are a current Pitt Bradford student and would like to be considered for some form of financial aid, [please complete this Summer Financial Aid Form](#) after you have registered in summer classes:

SESSIONS

We strongly encourage students to register for all summer courses they plan to take as soon as possible. Course enrollment is evaluated just prior to the start of each session. A course may be cancelled due to low enrollment. **Adding and Dropping** a summer course does change your credit load and charges. When you **withdraw** from a course you are still charged for the course.

The Pymatuning Laboratory of Ecology (PLE) is a superb year-round facility that is part of Pitt's Department of Biology. Located in Northwestern Pennsylvania on the shores of beautiful Pymatuning Lake, PLE is dedicated to serving the academic community and visitors from around the world.

Details:

- Most courses spanning 3 weeks.
- Prerequisite courses: BIOL 0101 & 0102 or special permission.
- Students are charged an additional \$185 lab fee per class. Books purchased through PLE.
- Students choosing to stay in residence at PLE (commuting is an option, but often not practical) will need to pay a Room and Board Fee for each course when they arrive at PLE. The rate for 2024 is \$760 (**cash or check only**; no credit cards accepted). <https://www.ple.pitt.edu/courses/course-fees>
- Check out the website: <https://www.ple.pitt.edu/courses>. Pitt Bradford contact: Dr. Mary Mulcahy mnp1@pitt.edu
- Feel free to contact instructors if you have any questions about a particular course. Once you register, view more detailed information here: <https://www.ple.pitt.edu/courses/info-registered-students>

Academic Internships at Pitt-Bradford

Students seeking information regarding internship opportunities and guidance on the process may contact Angie Wolfe, Interim Career Educator awolfe@pitt.edu

An academic internship is a carefully planned and monitored work experience that meets specific learning goals related to an academic field of study. There should be a relationship between the practical experience gained in an internship and the academic work done in the classroom.

Internships allow students to acquire hands-on, practical experience and develop key competencies and critical skills in their chosen field of study.

Undergraduate students at Pitt-Bradford can earn between one and six credits for internships. No more than 6 credits of internship may be taken at any one time. A minimum of 45 on-site hours must be completed per credit hour earned.

Some students elect to participate in an internship experience and not receive academic credit.

Approval of an academic internship application is contingent upon satisfaction of the following requirements:

Junior standing

Good academic standing and meeting the requirements of the major

Completion of the Internship Proposal ([Internship Proposal Form](#))

Approval of the faculty intern supervisor, the student's academic advisor, the division chair and the vice president and dean of academic affairs.

Undergraduate RESEARCH Opportunities!

All students in their sophomore year or beyond are encouraged to consider doing directed research in their major. Such courses prove valuable for pursuing special research interests, preparing for the job market and enhancing one's competitiveness for graduate school.

Funding is available to help underwrite the costs associated with undergraduate research, including conference travel.

A Summer Undergraduate Research Assistant program is also available, which includes on-campus housing and a stipend.

For more information, contact Dr. Warren Fass, Director of Undergraduate Research, at 362-7577 (fass@pitt.edu); the Office of Academic Affairs; or any member of the faculty.
