## IMMUNIZATION REQUIREMENTS

We strongly urge each student to meet these requirements before arriving to campus. Making arrangements to meet these requirements once you are on campus could be costly, time consuming and involve off-campus appointments.

All first time, full-time and part-time students must provide proof of the following:

- **MMR VACCINE (Measles, Mumps and Rubella)**

Two doses of MMR (Measles, Mumps, Rubella) vaccination at least 28 days apart after 12 months of age

- **VARICELLA VACCINE (Chicken Pox)**

Two doses of varicella-containing vaccine at least 12 weeks apart if vaccinated between 1 and 12 years of age and at least 4 weeks apart if vaccinated at age 13 year or older. OR

A physician diagnosis of prior varicella disease history indicated by a written record signed by the physician or his designee.

ACCEPTABLE ALTERNATE PROOF OF IMMUNITY FOR MEASLES, MUMPS, RUBELLA AND VARICELLA:

A history of immunity to these diseases proven by serological evidence showing adequate antibodies satisfies this requirement.  
Talk to your medical provider about having bloodwork drawn (a "titer") to prove immunity.

### FOR THOSE STUDENTS LIVING IN CAMPUS HOUSING:

- **MENINGITIS VACCINE (MENINGOCOCCAL CONJUGATE VACCINE (MCV4) also known as Menveo, Menactra)**

One dose of meningococcal conjugate vaccine (MCV4) administered at age 16 or older

OR

Sign a waiver declining the vaccine. The waiver form is available on the Health Services page on the University's website.
